

National Guard Association of Washington

2022 Industry Day

Thank you so much for joining NGAW for our 2022 Industry Day! This event is an opportunity for our state military leaders to connect with the businesses in our community who invest in the mission and goals of our forces. This partnership fosters strong bonds with the local and national businesses who provide equipment, education, technology, and benefits for our Army and Air Guard members.

The National Guard Association of Washington is a non-profit professional association that exists to support every member of the Washington Guard--Soldiers and Airmen, Officers and Enlisted, Servicemembers and their families. Incorporated in 1891, our purpose is to advocate for the most effective legislation to maximize Washington State military benefits and resources.

The mission of the National Guard Association of Washington is to serve as a voice to advocate for the Guard Family by providing a platform for action. As a non-profit organization, NGAW can lobby on behalf of our Guard members at both the state and federal level. We also serve our Washington Soldiers and Airmen through a variety of programs, such as educational scholarships, state sponsored life insurance, and through our 501(c)3 non-profit Foundation, which funds several charitable activities throughout the year.

NGAW's Corporate Partners help support this mission, as well. These partnerships strengthen our influence on the legislation that affects the Guard, its members, and their families. We are so appreciative for all of our Corporate Partners.

UTS Systems is a small, veteran owned, expeditionary shelter company that manufactures a complete line of rapidly deployable shelters. UTS shelters incorporate a patented state-of-the-art folding frame design that can be consistently erected in under 10 minutes.

UTS shelters are built for a variety of applications in the most extreme environments. The simple shelter design is considered by users to be the latest advance in shelters as durability is not compromised to achieve a rapid and repeatable set-up / tear down and doesn't require power, an air compressor, special tools or even a ladder, ever.

GERBER® CUTTING TOOLS

DOUBLEDOWN™
FOLDING MACHETE + SHEATH

Folding up to half its size, the Doubledown can easily stow in a pack, on a belt, or attached to MOLLE. The unique design allows the user 3 distinct functions in one compact package: chop, cut, and split. A patent-pending quad lock system engages in 3 positions to ensure safe operation under varying levels of stress.

BUSHCRAFT AXE™
W/ SHEATH

The Bushcraft Axe and Hatchet address two primary needs: starting fire and building shelter. The ergonomic design reduces weight and improves grip for long haul use, and the blade features machined relief for deeper cuts. Yet the genius is in what you can't see: water-resistant gear storage compartments.

Military Transfer-Friendly Programs

MILITARY STUDENTS MAY TRANSFER IN A TOTAL OF 90 CREDITS FROM ANY COMBINATION OF THE FOLLOWING:

At Grand Canyon University, we have expert military enrollment advisors who will make your transition as seamless as possible. We offer a complimentary evaluation to help you understand exactly how your credits will transfer:

- Up to 30 credits from military training
 - Up to 30 credits from alternative transfer credit options such as the College Level Examination Program (CLEP) or Prometric DSST Exams (formerly DANTES)
 - Up to 90 credits from other higher education institutions*
- All credits evaluated must meet the requirements of the degree and satisfy specific course requirements in order to be counted toward the degree program.

I would be happy to review your transcripts to determine your estimated tuition costs and anticipated graduation date.

You may be able to complete your degree in less time with one of our transfer-friendly programs:

- Bachelor of Science in Applied Business Analytics
- Bachelor of Science in Applied Business Information Systems
- Bachelor of Science in Applied Entrepreneurship
- Bachelor of Science in Applied Management
- Bachelor of Science in Applied Marketing and Advertising
- Bachelor of Science in Homeland Security and Emergency Management
